Re: Summerfest 2003 Expands To Include Day Festivities

Caribbean Summerfest 2003, the annual San Francisco Caribbean ball on July 26, 2003, will expand its evening extravaganza to include daytime festivities. The day's events will be open and free to the public.

Fair-goers can look forward to a rich Caribbean crafts market, a lively fashion show, compelling Caribbean storytelling, an elaborate West Indian costume display, a beautiful St. Lucia and St. Vincent art gallery, and an energetic steel drum showcase. The fair will be open to the public from noon until 6 p.m., and subsequently open to concertgoers from 7 p.m. forward on the day of the event. Parking is free.

All food booths are sold out, as is gallery artwork space. These two stations are now closed—thanks to everyone who applied early. Space is still available, however, for vendors. Summerfest is also looking for a stage manager. Please contact HA Productions for more information.

It isn't too late to nominate an outstanding member of the Bay Area Caribbean community! Please send nominations by April 15, 2003 to third party Jahworks.org at: Summerfest Nominations, c/o Jahworks.org, PO Box 9207, Berkeley, CA 94709 or email info@jahworks.org. Please include the nominee's contact info and reasons for nomination, along with your contact information. Award recipients will be honored with a trophy presentation at the show.

Caribbean Summerfest 2003, now in its third year, showcases Caribbean music, art, costumes, dance, talent, and business. With headliners Byron Lee and the Dragonaires, and The Mighty Scrunter from Trinidad and Tobago, the July 26, 2003 stage show will take place at Cathedral Center, 1111 Gough Street, San Francisco, CA at 7 p.m. Sponsors include Air Jamaica, Seagram's, Red Stripe Beer, Guinness, Myer's Rum, Appleton Rum, and Jahworks.org. For tickets, call toll-free 866-468-3399 or online at www.ticketweb.com.

Media/Press: Please distribute broadly
